## Experience

7.2

Physical Effect Type	Relaxed
Mental Effect Type	Relaxed
Onset	Moderate
Intensity	MODERATE
Duration	SUSTAINED
After Effect	BALANCED
Uniqueness	Common
Notes	The effects come on fairly quick. Straight to my head with a warm feeling and frequency change. Causing a gentle ringing in the ear, not unpleasant. My mind was left relaxed and my physical state as well for quite some time while I continued my daily tasks. The aftereffects were clear and balanced. I think I'm ready for some more.
